Avoid Nine Business Myths: Reality Check In addition, it prevents business owners from failing

By Dave Everhart

Myths and urban legends persist in the public's perception despite their obvious misinformation. This is true in the small business arena as well as in other facets of life. These myths have a negative impact on small business success because legends can reinforce or encourage bad decisions by aspiring that can be critical and sometimes fatal to the establishment or growth of the businesses. The myth

have everything in my head.'

to accurately predict revenue, cash flow, and other critical items needed to survive. It is human nature to be optimistic—it is much easier to be optimistic if the data is only in our

minds. Sometimes ideas that seem great in concept in your business plan and be realistic.

Greater Holyoke Chamber of Commerce, 177

The RK-23C project includes the design and construction of a new connector ramp from the Manhattan approach of the RFK Bridge, just west of the Harlem River lift span (HRLS), to northbound Harlem River Drive (HRD). The new one-lane ramp will carry traffic travelling west from the RFK Bridge and allow them to connect to points north via Harlem River Drive. Previously, drivers needed to make this connection using city streets. Seven of the footings
