

**NJDOT – Route 295/42, Missing Moves, Bellmawr, from Route I-295 to
Route 55, New Ramp Construction, Grading, Paving & Structures.
Contract # 025950541, DP # 19144**

George Harms Construction Co., Inc. is preparing a bid proposal for the above referenced project.

Locations: Bellmawr, Runnemede, Camden County & Westville, Deptford, Gloucester County, NJ

Quotes from DBE/ESBE vendors, suppliers and Subcontractors are being sought.

The purpose of this project is to provide two new connector ramps, one from Route 42 northbound (NB) to I-295 southbound (SB) and the second from I-295 NB to Route 42 SB to allow the direct movement of traffic between the these two major arterial roadways. The project also includes widening of I-295 to furnish continuous auxiliary lanes; modification of Route 42 NB to accommodate five traffic lanes from Route 55 to the northern project limit; relocation of the existing Route 42 NB ramps at Leaf Avenue to a new signalized intersection with Benigno Boulevard; construction of four (4) new bridges and replacement or rehabilitation of five (5) existing bridges, in addition to the construction of several retaining walls and sign structures.

Bid Date: November 7, 2019

DBE/ESBE Participation Goal: 11%

George Harms Construction Co., Inc. is seeking DBE/ESBE subcontractors, vendors and suppliers in the following, but not limited to, categories:
